Many, many, opportunities to volunteer. We need this and parents get to participate, helps the programs efficiency, last but not least, keep the fees down. The amount of instruction is huge by comparison. Other programs fees are much higher than ours. We try to stretch as much as we can. It is the eighth year in a row that music scores are up. These are data driven districts. Out of 109 IB students this year, 92 were awarded an IB diploma. Only private schools compare to these numbers, as IB is not meant to pass, it is meant to be very rigorous.
